

# LIQUID CAPTISOL STANDS ALONE.

**Liquid Captisol is a 50% aqueous concentrate of Ligand's Captisol a modified cyclodextrin, developed to improve solubility, stability, bioavailability and dosing of challenging ingredients.**

The aseptic-filled 250mL plastic bottles allow you to skip tedious weighing and dispense by volume to reduce time, effort, and cleanup. 50% Captisol inhibits microbe growth and is shelf-stable. It's pumpable and easy to use in large-scale manufacturing. And the all-aqueous solution means no solvents to eliminate or test for in your final product.

When you're ready to move quickly into phase solubility studies, formulation development or safety studies, Liquid Captisol is ready to go!
