

pharm-a-spheres™

Globuli sacchari

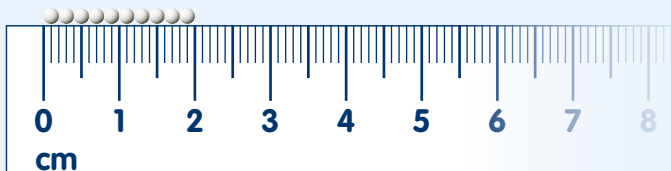

sucrose/lactose globuli

Standard sizes are as follows:

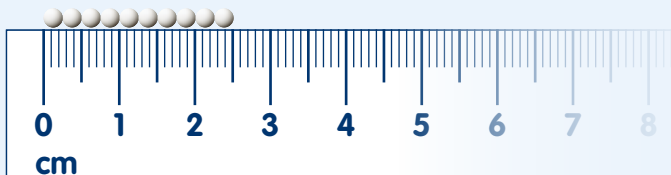

10
10 Stück
= 10 mm
item: 08708

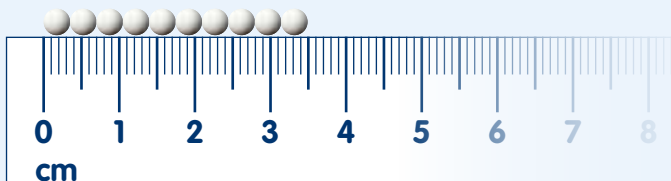

20
10 Stück
= 20 mm
item 08738

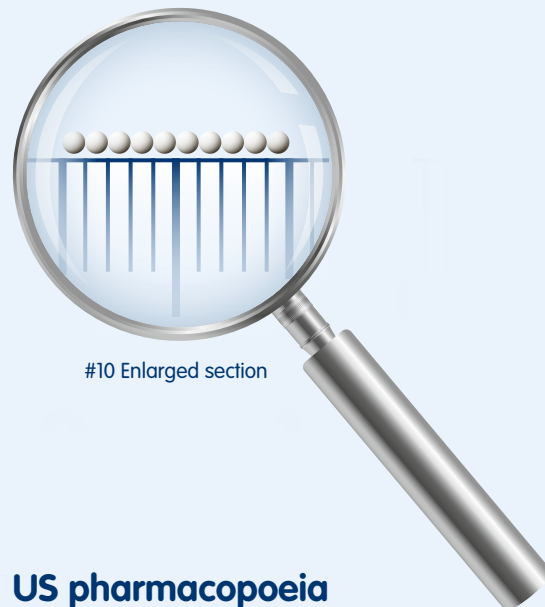

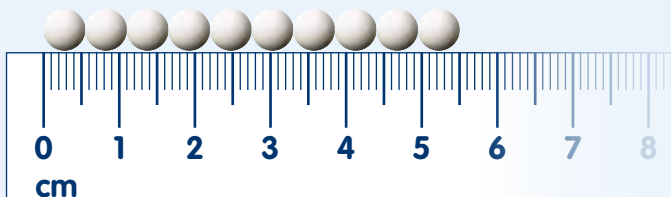

25
10 Stück
= 25 mm
item 08748

35
10 Stück
= 35 mm
item 087668

55
10 Stück
= 55 mm
item 08788

#10 Enlarged section

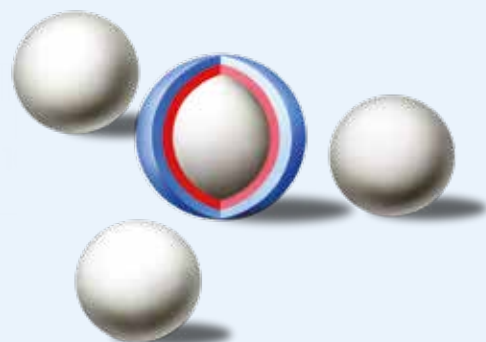

US pharmacopoeia

Globules, also called pellets or pillules, are made of pure sucrose, sucrose/lactose or other appropriate polysaccharides.

They are formed into small globular masses of different sizes, designated according to the diameter of ten (10) globules measured in millimeters.

Standard sizes are:

- Very Small Globules (#10)
- Small Globules (#20)
- Regular Globules (#35)
- Large Globules (#55)
